

SCHEDULE A COLLEGE VIRTUAL VISIT

Our goal is to assist your students in finding the best fit program – one that will help them reach their educational and professional goals. We always welcome the opportunity to speak with you and/or your students to discuss our nationally-ranked academic programs and experiential learning components. Nothing beats an in-person tour of our beautiful campus, but our immersive virtual campus visit experience is the next best thing. Choose from a variety of different campus experiences to customize your visit to your interests.

Criminal Justice Academy

- Whether you want to work for the FBI and study criminal behaviors or pursue career pathways in local and federal agencies, this program will prepare you to gain the experiences that fit your interests. Come visit with us and hear from alumni, students and faculty on how their degree assisted with their career goals.

Teacher Academy

- Anyone interested in careers in education will be able to hear from students and faculty in the program and how we excel in experiential learning. See how we prepare students to be more than just teachers, but difference makers.

CECH Connection

- Interested in going to college, but not sure what to major in or what is even involved in the application process? Learn about some of the majors in our college, career pathways, unique campus resources, steps to complete the application and tips on how to stand out when applying to UC.
- Request to hear from specific campus departments that would be relevant to your students.

- African American Cultural Resource Center (AACRC)
- Ethnic Services and Programs (ESP)
- LGBTQ
- Financial Aid
- Admissions
- Student Activities

Careers in Sport

- Interested in sports and want to turn that passion into a career? Learn about the various career options for students in the Sport Administration program. Have an opportunity to hear from alumni working in the field, faculty and how the experiences in this program set students up for success.

Public Health

- The public health field is growing and the need for individuals in these careers continues to increase. If you are interested in making a difference in the lives of others and desire to improve the overall health of others, then consider a degree in Public Health. Come and hear from individuals in the program and gain insights into potential careers for yourself.

Exercise and Fitness

- Come and explore a degree that allows you to work with general populations and special populations to improve their health and fitness through exercise. The program leads to careers in health/fitness settings like commercial fitness centers, medically based fitness centers, YMCA, recreation centers, corporate fitness, schools and universities. Hear from individuals from the program and see if we line up with your goals or interests.
